Our vision at MPW is to foster a community of life-long learners. We strive to develop socially responsible and resilient individuals who are working towards achieving their full potential.

23<sup>rd</sup> February 2017

Dear Parents/Carers,

It has been brought to my attention that a student in Room 3 has been diagnosed with Scabies.

Scabies is a very common and contagious infection of the skin that can affect anyone.

Generally, a person is no longer infectious 24 hours after treatment and therefore may return to school.

Please refer to the attached fact sheet that has been obtained from the Department of Health for further information.

If your child is unwell please keep them at home and advise the school of their absence.

Kind regards,

James Harding  
Class teacher – Room 3
