Dear family members of the Green Team,

Over the course of the school year, your child has participated as a member of the Green Team. They have audited the school’s sustainability practices, brainstormed ideas for solutions and have worked to implement plans of actions regarding either waste, water or paper usage around our school.

As these action projects are coming to an end, we will be spending our Term 4 meetings celebrating and appreciating our local environment. This will involve going on nature walks around the neighbourhood, picnics in the park and other exploratory activities outside of school grounds.

The Green Team meets once a fortnight (each even week e.g. Week 2/4/6, etc.) for the hour during Lunchtime on Wednesdays. We are seeking your permission and also to extend an invitation to anyone interested in coming along on any of these local lunchtime excursions.

Please sign and return the slip below to Jess in Room 12 or Lisa in Room 18 by Friday 21st October.

Thank you!

Lisa and Jess (on behalf of the Green Team)
