10th September 2014

Dear Parents/Guardians,

In May both Year Three and Year Five students sat the NAPLAN tests in English and Mathematics.

Please find enclosed your child’s NAPLAN results and an information sheet for parents with details about the report format.

NAPLAN testing adds to the information that teachers gather on a regular basis regarding student’s learning. The results show the student’s achievement in a formal testing situation compared to other students nationally. It is a snapshot of your child’s abilities on a particular day in a particular testing situation.

If you require more information about the NAPLAN results please contact/make an appointment with your child’s classroom teacher or Assistant Principals; Helen Thomas for the Year 3 students or Randal Symons for the Year 5 students.

Yours sincerely

Jeff Lyon
Acting Principal
